Agenda

- Introductions
- Update of CAF bid
- Introduction to Ripple Effect Project

Summary

Everyone introduced themselves and the work they do, lots of amazing people, exciting projects and organisations!

Jo M updated the group on the CAF bid. Lots of contributions from partners. Rights-based approach for CYP, helping them to take action, linking them to excellent education opportunities at community level, climate curriculum/green skills agenda. Jo speaking to SDC, a need for curriculum development. Pathways to start with engagement in nature. So many possibilities as everyone in this group has so much to offer. Find ways of acknowledging & accrediting YPs involvement. £500,000-£1.5. 3, 4 or 5 year project duration. Tracey C at Torbay Communities will lead the bid.

Davina spoke about the Ripple Effect project. Looking to start a club open to the community aimed at adapting People's Parkfield to water resilience and climate change. Informal, practical and educational. Davina asked the group who would like to be involved. Rich- Primary age. Hannah- ages 15-24, skills of serving species & land management. Visit AONB project farms. Nicky- Separate special targeted groups engagement, link in with this project at Parkfield. Richard H- capacity in schools holidays & weekends. Jo- Activity over the summer at Parkfield to feed into Ripple Effects and LOTE. Lisa can join people together. Davina host a 'meeting of the minds'. Anyone can get in touch with Davina to chat more.
