Agenda

- How can the skills of this group be put to best use?

Summary

Janet and Lisa discussed the potential ways to bring the ideas from this impact group back to her co-workers at the Youth Justice Service. Tanny mentioned that there are some young people working at Play Torbay on Junior Placements that are interested in environment, potentially contributing to the Enviro Impact Group.

Tanny then updated us on their fabulous Mayfield Hub Club on Thursdays, 5.30-7PM. Including all the things on offer for children, young people and their families but also the need for continued funding in order to sustain the club into a second and third year. Janet discussed this would be a great group to visit, as she mentioned the Youth Justice Service are currently undertaking a survey of young people and their experiences/concerns.

Lisa posed the question 'How can the skills of this group be put to best use?'. Access champions in other impact groups was one idea discussed. Further discussion will continue at the next meeting.
